NEWS RELEASE

Council Nearing Decision for Proposed Community Centre

Kindersley Town Council is interested in hearing final comments from the public before making a decision on how to proceed with the proposed West Central Community Centre.

The project (formerly known as Phase 2 of the Multi-Use Facility) will be included as a decision item on Council's February 10, 2014 regular meeting agenda. Along with input from Administration, Council will consider the recommendations already offered by Group 2 Architecture Interior Design Inc. through the Needs and Operational Assessment and Community Consultation Workshops completed in 2013.

In a report to Council on Monday, January 27, Chief Administrative Officer Bernie Morton summarized the findings of these reports and presented a variety of options for Council to consider based on current and projected budget, available resources and potential for sustainability.

Members of the public are encouraged to read the final reports prepared by Group 2 – viewable online at www.kindersley.ca/phase2 - and to pre-register as a delegate if they wish to address Council on February 10 with any comments or concerns.

Council has affirmed the process with which Group 2 conducted its community consultations to prepare the Needs and Operational Assessment. That process included an extensive survey conducted in April 2013, multiple open house forums, and several key stakeholder meetings with local groups and organizations.

The February 10 meeting can also be watched online at www.kindersley.ca/counciltv.

To address Council at the meeting, please register by phone at 306-463-2675 or email at ea@kindersley.ca.
