## NEWS RELEASE

### Saskatchewan Infrastructure Conference Nets Full House

Municipal officials and private sector individuals eager to learn about strategic infrastructure planning for municipalities have sold out the 2<sup>nd</sup> Annual Saskatchewan Municipal Infrastructure Conference taking place next week in Kindersley, April 15-16.

As anticipated, 200 delegates representing industry and Saskatchewan municipalities of all sizes will attend the two-day event at the Kindersley Inn. More than 30 speakers and panelists have been assembled for the municipal infrastructure conference, speaking on topics that progress from understanding and making informed decisions about infrastructure to project financing and risk management. Communities across the province are experiencing rapid growth and managing that growth has become a challenge.

The theme of the conference is “*Plan. Prepare. Execute.*” and is the second event of its kind in Saskatchewan, following the inaugural event hosted in Humboldt in 2013.

The 2014 conference will also serve as a forum for public sector and industry partners to share information, perspectives, develop common solutions, and build relationships.

The Saskatchewan Municipal Infrastructure Conference is organized in partnership with the Town of Kindersley, Community Futures Meridian, and the Saskatchewan Economic Development Association (SEDA).

Press attending the event must register at 306-463-2675.
