NEWS RELEASE

Council Sets Strategic Plan for Growth

Kindersley Town Council has adopted its new Strategic Plan with a focus on responsible and intentional governance and growth to responsibly enable Kindersley to meet future needs.

The Strategic Plan, formally approved at Council's March 24 Regular Meeting, identifies five main priorities over the next three years, as well as a vision statement that encourages the creation of "a positively engaged community building an economically and socially vibrant future."

Open Communication, Financial Transparency, Strategic Growth, Reliable Infrastructure, and Organizational Effectiveness are the five priorities identified in the document, which establishes the precepts by which Town Administration will guide operations and services.

"Creating a Strategic Plan is an important step ensuring the Town is run in line with the priorities of Council. It's an important link that ensures we are all moving Kindersley forward with clear goals and objectives so that success is achieved," says Mayor John Enns-Wind.

Over the past year, more than 10 major plans have been completed or are nearing completion; each holding a prominent role in Kindersley's model for growth. These include the Official Community Plan and Zoning Bylaw, Asset Management Plan, Long-Term Financial Plan, Organizational Effectiveness Review, Traffic Study, Phase 2 Needs and Operational Assessment, Regional Landfill Plan, Communications Plan, Infrastructure Capacity Plan, and Cultural and Economic Development Plan.
