To the Honourable Wayne Foster:

The Canadian Breast Cancer Foundation - Prairies/NWT Region respectfully requests that, as Mayor of Kindersley, you officially proclaim the month of October as Breast Cancer Awareness Month.

Breast cancer is the most common cancer amongst Canadian women. In 2010, an estimated 23,200 women will be diagnosed with the disease and 5,300 will die of it. This year, an estimated 180 men will also be diagnosed and 50 will die from it.

The Canadian Breast Cancer Foundation - Prairies/NWT Region recognizes that with staggering statistics like these, it is important to acknowledge the seriousness of breast cancer, and understand the importance of raising funds for breast cancer research, community projects and prevention.

On the Sunday October 3rd, the Canadian Breast Cancer Foundation CIBC Run for the Cure will be held in over 55 communities across Canada. Last year alone we celebrated with over 170,000 runners and walkers and with funds raised in excess of 28.5 million dollars. Our goal is to exceed last year's figures and allocate money to fund more innovative research and community projects across Canada.

We hope you will give official recognition to our undertaking by issuing a proclamation of Breast Cancer Awareness Month. Thank you for supporting our efforts in saving the lives of Canadians across the nation.

Sincerely,

Janelle Aker-Johnston  
 Coordinator, Marketing & Communications  
 Canadian Breast Cancer Foundation – Prairies/NWT Region
