

Community Culture Display Program

The *Community Culture Display Program* is based on the spirit of the Actions in the Kindersley Culture Plan. The program involves welcoming community members to feature their 'culture' in a display case (27"L x 32"W x 12"D) located in the lobby of the West Central Events Centre. The intention of this program is to develop a greater understanding of local culture and celebrate community members.

Community members are encouraged to consider what they or their group could feature in the display for a one-month period. Items in the display case could include traditional costume, art, craft, photographs, equipment, tools and more. All items must fit the dimensions listed above to ensure the case can close and lock securely. Supporting information for viewers to read and develop a better understanding of the display is strongly encouraged.

Individuals who have items in the display are expected to remove their work at the end of the agreed upon time period. If they fail to remove items in, a Town staff will remove items and briefly store them for collection without assuming any responsibility for loss or damage.

I _____ agree to have my items, listed in the accompanying chart, displayed in the display case provided for this program. I understand that the display of artwork may involve risks and that the Town of Kindersley is in no way responsible for loss or damage, nor does it provide insurance coverage for my property.
