1. Call meeting to order – 8:13am
2. Business Arising from Meeting #8
 - a. Survey #1 – information available online
 - b. Survey #2 – participation is increasing slightly
 - c. Kitchen Table sessions – a list was circulated for updating by members
 - d. Mapping exercise update from schools
 - i. Reviewed the compiled data and discussed some of the items listed by students. Overall there was great participation and students remembered partaking in the activity.
 - e. Forum updates – the Seniors session was attended well and their top concerns were engagement from the baby boomer generation and the need for stable and consistent medical service. Marilyn attended the Seniors session to provide her perspective. The Service Club (Community Organization) session was very successful with the organizations present offering to work together to increase engagement and awareness. Discussed getting younger generations involved and lack of participation, the changes in 'fatherhood', gaining new volunteers and working together. Very promising discussion.
 - f. Dahling production Christmas event feedback opportunity – provide exercise to Richelle for production over the weekend.
3. New business
 - a. Cultural asset mapping activity for group – committee members participated in activity
 - b. January
 - i. Start to compile information for draft – we have enough information to develop a draft. The plan will result in a foundation for the community to become more involved or aware of culture and what it means. There will be some tangible results as well.
 - c. February
 - i. Hope to produce a draft by this time and present to the community.
 - ii. It was discussed briefly that outcomes of the plans should be easy to obtain.
4. Next Meeting

- a. January 4th, 2017 – 8am
 - i. It was suggested that the Members be surveyed to see if this site was appropriate.
5. Adjourned – 9:25am
