Mayor John Enns-Wind and Town Council
Box 1269
Kindersley SK S0L 1S0

Dear Honorable Mayor Enns-Wind

The West Central ECIP program is celebrating Early Childhood Intervention Week April 28th – May 4th. We are requesting that the Mayor and Town Council recognize ECIP week by declaring the week of April 28th – May 4th as Early Childhood Intervention Week.

The West Central Early Childhood Intervention Program (ECIP) has been located in the town of Kindersley for over 25 years and has provided service to the West Central area for 30 years. Our program works with families of children who are delayed in their development, or at risk for delay, by providing bi-weekly visits to the family home. We focus on helping the family learn ways to help their child progress in their development and linking the family to other services within the community, through the Health District or in Saskatoon. I have enclosed a brochure and some further information about the program. I would be available to meet with Town Council to provide further information. Please contact me at 463-6822 or 463-8066 (cell).

Sincerely,

Arlene Goosen
Executive Director
