SIZE OF MONUMENT BASE: Width _____ Length _____ Height _____

"Upright stones to be a maximum size of 2 feet 6 inches high, four feet wide, 8 inches thick, on a base no larger than 1 foot 3 inches wide, and 8 inches thick. No base shall extend past the boundaries of the grave for which it is intended without permission from the licensee of the grave upon which the encroachment is proposed to occur or his legal representative. No base shall extend into any area not intended for use as a grave, including paths or walkways."

MONUMENT MATERIAL: Granite Marble Stone

"Except as specified in Subsection (b) (iv), all monuments and markers shall be of granite, marble or stone. The front, top and back of each monument shall be axed, honed and polished. Monuments or markers of cement, artificial stone, composition, wood, tin or iron will not be permitted with the exception of temporary markers supplied by a funeral home. Temporary markers may be removed by the Supervisor after a period of six months has elapsed."
