RE: World Plumbing Day – March 11, 2015

Dear Mayor Enns-Wind:

On March 11, 2015, the World Plumbing Council will once again recognize World Plumbing Day. This day is set aside to celebrate the important role plumbing plays in the health and safety of our society. We often take for granted our supply of clean water. The World Health Organization estimates that globally, 1.8 billion people use a drinking source that is contaminated.

The Mechanical Contractors Association of Saskatchewan represents the plumbing contractors in the province who help to ensure, that here in Saskatchewan, we are taking care of one of our most important natural resources. The plumbing industry plays an important environmental role in water conservation.

I would ask that you consider proclaiming March 11, 2015 World Plumbing Day in the Town of Kindersley, and together, we can celebrate and recognize this important day.

We would be pleased to offer any information you require regarding this event. Please contact our Executive Director, Carolyn Bagnell, at 306-664-2154 with any questions.

Sincerely,

Ryan Tynning
President
Mechanical Contractors Association of Saskatchewan Inc.
