## *Town of Kindersley Saskatchewan, Canada*

**Whereas** the Sask Lotteries-funded parks and recreation delivery system provides thousands of recreational opportunities for residents and visitors.

**Whereas** participation in recreation strengthens volunteer networks, builds community pride, and engages residents in community development.

**Whereas** parks and recreation opportunities attract new residents and businesses to our neighbourhoods, enhance property values, and increase tourism.

**Whereas** our parks, trails and open spaces maintain clean air and water, ensure ecological sustainability, and preserve plant and animal biodiversity while providing opportunities to experience nature.

**Whereas** sustained investment in parks and recreation programs reduces the costs of healthcare and social services for governments, municipalities, and employers.

**Therefore**, the Town of Kindersley, designates June as Parks and Recreation Month in recognition of the benefits and values that recreation, parks and leisure services provide to the people and communities of Saskatchewan.
