

Water Interruption Notice:

We are writing to inform you of an upcoming water service interruption in our community. The purpose of this interruption is to conduct emergency maintenance work on a fire hydrant currently providing temporary water service to your property.

Date: Monday, July 22nd, 2024

Time: 9am

Duration: Approximately 4 hours

Effectuated Area: 100 & 200 Block 3rd Ave East (Even Numbered Houses) - 100 & 200 Block of 4th Ave East (Odd Numbered House)

During this period, water service to your residence or business will be temporarily shut off. We understand the inconvenience this may cause and apologize for any disruption to your daily routines. However, this maintenance work is crucial to ensure the continued efficiency and safety of our water supply.

Here are a few important points to consider during the interruption:

1. **Water Usage:** Please refrain from using water during the specified period to avoid any potential issues.
2. **Preparation:** We recommend storing an adequate supply of water for essential needs before the interruption begins.
3. **Boil Water Advisory:** once the water is turned back on your service will be under a boil water advisory until the proper tests come back. A red informational pamphlet will be left at your front door explaining this in greater detail.

We assure you that every effort will be made to complete the work as efficiently as possible to minimize inconvenience. Your cooperation and understanding are greatly appreciated.

Should you have any questions or concerns regarding this maintenance work, please feel free to contact the town office at 1-306-463-2675

Thank you for your attention and cooperation on this matter.
